## Why Sunshine Coast Aero Club?

Sunshine Coast Aero Club is the only RA-Aus school that operates out of the Sunshine Coast Airport (Class D airspace). This allows our students and club members to get exposure to controlled aerodrome and airspace procedures making future licences easier to obtain if the student is to progress beyond recreational flying. Our syllabus goes above and beyond the minimum hours required to give a more realistic number of hours it takes for the average student to obtain their Pilot Certificate at a very competitive rate.
